District News

From Our Correspondents

ENSIGN

Mr. and Mrs. C. Thorpe and family of Alix have been visiting at the E. Thorpe home.

An oldtimer of the district, Mrs. I. Churchill, celebrated her 85th birthday last week. Friends of the district extend their best wishes.

Stedman Parker has been spending a few days with his parents, Mr. and Mrs. H. Parker.

Mr. and Mrs. Foster have as their guests the former's parents from Saskatchewan.

P. J. O'Dwyer has returned from his holidays spent at points in Northern Alberta.

Mr. and Mrs. E. Carr have as their guests Mr. Carr's sister and family from Calgary.

KIRKCALDY

Mr. and Mrs. Henry Todd have had as their guests the latter's brother-in-law and sister, Mr. and Mrs. Sanlin, of Eureka, Cal.

School opened on Tuesday for the new term with twelve pupils enrolled. Miss Marion MacKay is the teacher.

Mrs. Ingram and daughter Doreen of Calgary have been visiting at the home of Mr. and Mrs. W. Brinton.

Mr. and Mrs. H. Mitchell have moved their house into Kirkcaldy. Everett Todd and Bus Carnegie arrived home last week from the States, where they have been assisting with harvesting operations.

A room is being added to the Alberta Wheat Pool residence this week.

Miss Marlene Urquhart was a recent visitor with her aunt in Edmonton.

Mr. and Mrs. S. Bernard and family spent Friday in Lethbridge. Master Earl Brinton has returned home after spending two weeks with relatives in Calgary.

Mrs. H. Mitchell has been visiting with her parents, Mr. and Mrs. Davis at Claresholm, for the past week.

BERRYWATER

Miss Betty Smith of Calgary spent the long weekend at her home in the district.

Miss Marjorie Love of the General Hospital staff was a weekend visitor with her parents, Mr. and Mrs. C. Love.

Miss Wilma Wismer of Lethbridge was a recent visitor at the D. B. Smith home.

Mr. and Mrs. George Miller, Calgary were weekend guests at the home of Mr. and Mrs. Lorne Healy.

Mrs. Larry Dakin and daughter, Sherril, Vancouver; and Mrs. Harold Northcott and small sons of Milo were Sunday guests at the J. McRobert's home.

Mr. and Mrs. L. Douglass of Bowness were weekend house guests at the H. C. Douglass home.

Next Sunday will be the farewell service in the district of the student minister, Mr. Rodonets, and will take the form of a joint service of the three points, Milo, Queenstown and Berrywater, at Milo. A social hour will follow.

Mrs. N. K. Budd returned on Wednesday from a few days' visit with her mother, Mrs. G. L. Warden, Calgary.

Miss Isobel Turnball left on Friday for her home and school duties at New Westminster, B.C.

Mr. J. McKenzie returned to his home on Thursday after a three-week visit with relatives in Calgary.

ARMADA

Miss Gladys Chambers of Nelson, B.C. was a holiday visitor for two weeks at the home of her parents, Mr. and Mrs. J. R. Chambers.

Mr. and Mrs. J. Beaton of Lomond were Sunday visitors at the home of Mr. and Mrs. M. Burke.

Mrs. H. K. Barklay has returned from an extended three-months visit at Washington.

Nine carloads, comprising 207 head of beef cattle were shipped through the Pageant stockyards recently from the Burns ranch at Armada.

A shower was held in the Armada hall on Aug. 17 in honor of Mrs. Fred Marks, a recent Dutch war bride who arrived in Canada in July. Dancing to the music of Fraser, Howell and Shafer was enjoyed until midnight, when lunch was served and a beautifully decorated table of gifts was presented to the bride and groom, who expressed their thanks to everyone present. Mr. and Mrs. Marks are now residing on their farm at Milo.

Miss Joan Trudy will be in charge of the junior room at the Armada school and a teacher has also been secured for the senior room.

FRANCE SENDS MISSIONARIES TO CANADA

Arriving from France are these members of a Catholic mission who are on their way to the north-west where they will do missionary work among the Canadian Indians and Eskimos. Left to right, Fathers L. Delalande, M. Rio, A. Royer and V. Colver.

Champion and Barons in Finals of Wheatbelt League

The first game in the series to decide the championship of the Wheatbelt Baseball League for the 1947 season was played between Champion and Barons at the latter town on Wednesday evening of last week, and resulted in a 3 to 1 victory for the Champion team.

Seven innings of the game were scoreless, with Champion driving in their runs in the first inning and Barons getting their lone marker in the last of the ninth. The last inning of two of the game was played in gathering darkness and a drizzling rain, but Siler for Champion and Soffell for Barons both pitched excellent ball throughout the game.

The second game in the best two-out-of-three series had not yet been played at the time of writing.

Champion is the holder of the Peter Dawson Cup, emblematic of the Wheatbelt League Championship, and is favored to retain the trophy this year.

Hear Talk On Social Welfare

The Kirkcaldy Women's Institute met on Thursday, August 28, at the home of Mrs. Brown MacDonald with seven members and six visitors present. Miss Nettie Ware presided in the absence of the president and Mrs. Williams acted as secretary.

The roll call was answered with "The Thing You Treasured Most," and Mrs. Grevett of Calgary gave a splendid talk on Social Welfare, dealing with juvenile delinquency, sanitary conditions and child welfare.

Mrs. Flitten and Mrs. D. Galbraith, conveners of handicraft, gave a most interesting display of handicraft articles, including quilts, dollies, spreads, table ornaments and many other lovely articles.

The next meeting will be held at the home of Mrs. Clements on September 25.

World Wheat Shortage Acute

(Financial Post)
The Cereals Committee of the International Emergency Food Council, with some thirty countries represented, held its first Canadian meeting in Winnipeg recently to discuss the allocating among needy countries, of the limited quantity of cereals available.

Opinion appeared to be that the world food problem is more acute this year than ever, that demands on exporting countries run far greater than there is any possibility of meeting, and that acute distress from lack of food will inevitably prevail over great areas and among many millions of people.

Conditions on the prairie at the time of the meeting brought disappointment to the representatives of other countries as well as to Canadians. Sudden fields were delaying harvest, and had the rains come two weeks earlier, Western Canada would have produced a splendid crop.

No exact calculation is possible of export possibilities for the current year. Shortage of other feed grain and possible reductions in grade, along with crop prospects

Ducks Causing Crop Damage

Regulations in respect to duck shooting under special permit will have to be modified if the farmer is to have proper protection in saving his crops from these birds. Previously farmers under general permit were allowed to call in hunters to aid them in protecting their crops. Each of these assistants carried a written statement from the farmers. But the charge is made that in cases, these permits were being used merely as an excuse to get in some pre-season shooting. The new regulation gives special permit to be used only by the farmer and his immediate family.—Protest is expected.

A number of farmers scattered though this district in the vicinity of large sloughs or other bodies of water, are threatened with substantial loss of crop, unless they have wider rights under permit. This loss is not only serious to the grain grower, but is also depleting the national grain supply and the food bin of the world.

As regulations stand at present, a farmer seeing his grain consumed by duck may shoot at them to scare them, but not to kill. Or he may secure special permit from them. But of Calgary, provincial game commissioner. This special permit to shoot ducks is applicable only to the farmer himself and family. One or two guns against hundreds of ducks all converging on feed grounds, is about as futile as one can imagine.

Brief Items of Local Interest

Ralph Thompson of Diamond City was a recent visitor at the home of his brother-in-law and sister, Mr. and Mrs. Buford Walker.

Miss Opal Hanson, Calgary, spent several days with relatives here recently.

Mrs. F. B. Clark is expected home from a visit with relatives at Calgary and Bowden, this week.

Mr. and Mrs. Percy Myers were recent Calgary visitors for several days.

Miss June Neville of Calgary has been holidaying at the home of her parents Mr. and Mrs. D. Neville, for the past week.

Mrs. Wes Caswell of Vernon, B. C., has been guest at the home of her brother and sister-in-law, Mr. and Mrs. Ed Army for the past week.

Mrs. Opal Drummond is at present visiting at the Mel Bowie home at Red Deer.

Mrs. Frances Dobbs accompanied by her daughters Marlene and Josephine of Lethbridge, spent the holiday week-end as guests of Mrs. Margaret Dobbs.

Mr. and Mrs. H. Fykes and family of Banff have taken up residence here, Mr. Fykes having accepted a position on the high school staff.

Miss Sylvia Nickelson of Calgary was a recent guest of Mr. and Mrs. Royce Clark.

Friends of Miss Peggy Elder will be interested to learn she has been engaged to teach on the Carnangay school staff.

The Charlie Fulton and B. A. Lloyd houses are progressing very favorably these fine days.

which may develop next summer, will all play a part in determining the respective quantities of wheat which farmers may decide to sell or to hold. But after providing the 160 million bushels which Canada is committed to furnish to Great Britain, this country will do well if it succeeds in sending a total of 50 million bushels to all other countries combined.

U. S. railways are seeking a 15 to 25 per cent freight rate increase.

Vulcan Boys Do Well At Edmonton Track-Field Meet

Athletic Association Sends Chell and Neville to Inter-scholastic Meet

Vulcan was well represented at the Interscholastic Track and Field Meet at Edmonton last Saturday, with Arthur Chell and Duane Neville, two of the town's most promising young athletes, attending under the sponsorship of the Cultural and Athletic Association.

In the 16-17 year-old class, Chell took second place in the 440 yard race and third place in the shot put event. Arthur is the lad who brought back all the major awards presented at the track and field meet at Sarcee Cadet Camp this summer. His showing at Edmonton is very commendable in view of the fact that he has just turned sixteen and was up against some very experienced competition.

An excellent showing was made by Duane Neville, who gained two firsts and one third in the 14-15 year old class. He placed first in the 440 yard and third in the 100 yard dash, and out-classed his competitors to take first in the high jump.

LETTER TO THE EDITOR

Athletic Association Motion Defended

Editor, The Advocate:

There seems to be some apprehension on the part of a few people as to the implications of a recent motion passed by the Vulcan and Community Athletic and Cultural Association; that is, that the Association will not sponsor any inter-community activities on Sunday in the future. A careful reading of the motion will set aside all fears of interfering with any individual's rights of action on Sunday. It is "intercommunity" activities that are not to be sponsored.

The basis of our civilization is our Christian religion, and this faith is maintained and spread through the churches. The churches form a vital part of any community; and any organization which represents the community will wisely take into consideration the values of the churches. This the Association has done in the resolution.

When a team plays on Sunday at a distant point, the players on the team, in getting ready and travelling, often are forced to miss the church service. A young person who maintains his Christian conscience and attends the church services is thereby automatically obliged to remain off the team. To a young person keenly interested in participating in sports, this is a definite form of intolerance.

The resolution of the Association in question is thus a most tolerant action. It frees the young person, who wishes to participate in sports, to attend the church service of his choice; while the non-churchgoer is not forced to attend church; and he can participate in "non-sponsored" games anywhere he desires.

We wish to commend the Association for this broad-minded action.

Yours faithfully,

Otto H. Rollis,
V. S. Lord,
F. E. Vorrath,
H. F. Ritter,
J. R. Chapman,
E. G. Hansell.

—G—

Editor, Advocate.

I would say that the writer on Sunday sports in last week's paper isn't a Christian and doesn't believe in keeping the Sabbath. Our best men and women come from Christian families, so therefore we believe in keeping the Sabbath.

I am right with good sports and will help promote it for our young people, but not on Sundays. Thank God that the Athletic and Cultural Association has decided not to have sports on Sundays.

It is common sense, as well as it shows faith in the Lord. God has given Vulcan good crops, what can we do? If God stopped the rain for a season see what would happen. We will leave it with God and the Athletic and Cultural Association, and may the Lord show the people that He is still with us, to promote good, clean sports.

Yours truly,

A GOOD SPORTS FAN.

BIRTHS AT LOCAL HOSPITAL

To Mr. and Mrs. Ed. Doudican, Lomond, on August 21st, a girl.

To Mr. and Mrs. Lyle Hubbard, Vulcan, on August 24th, a son.

Mrs. Hubbard was before her marriage Miss Lillian Francis.

To Mr. and Mrs. Richard Hurl, Mossleigh, on August 29th, a daughter.

To Mr. and Mrs. Louis Shaw, nee Margaret Gerding, Vulcan, on August 30th, a son.

First Solo Trip For Local Nurse

Monday, Sept. 1, was a red-letter day for Miss Anne Evanson, R.N., for it marked her first solo flight in an airplane.

Miss Evanson, a member of the Vulcan Flying Club, is the first of the fair sex to solo in Vulcan, and Instructor Vic Matthews is very pleased with her progress.

Two other students of the Club, Jack Smith and Ralph Weber, made their solo trips about two weeks ago, indicating that flying is proving to be a popular pastime with the young people of the town.

Twin Brothers Celebrate 85th Birthday

The Advocate joins with their many friends and neighbours in extending congratulations to Ben and Joseph Graham, old-timers of the district and identical twins, who celebrated their 85th birthday anniversary on Wednesday, August 27th.

The occasion was marked by a gathering of friends and neighbours at the home of the former's son, Russell Graham, with the twin brothers, as guests of honor, being the recipients of many expressions of good wishes and congratulations.

Mrs. Elizabeth Churchill, a close neighbour who had celebrated her 85th birthday the previous day, was also an honored guest at the gathering.

Wheat Outlook Declines

The Alberta Wheat Pool survey of crop prospects has reduced probable yield to 102 million bushels of wheat, 77 million of oats, 50 million of barley. This is 31 million bushels of wheat less than last year, on about 400,000 fewer acres. It is predicted that Southern Alberta will have an average of 15.6 bushels of wheat per acre.

No predictions are made on grade since weather conditions will have quite an effect.

Frost was general in Peace River district last week, but has passed up the south. The only place where harvesting had got going generally is in south-east Alberta between Medicine Hat and Lethbridge.

A concert violinist recommends milking a cow to keep the hands supple.

TO STAY IN NAVY

Lieut. Philip Mountbatten, whose marriage to Princess Elizabeth has been given the King's consent, does not intend to leave the royal navy for the present. He has returned to his ordinary duties at the petty officers' training centre at Corsham, Wilts. He's shown here saluting as he reports to his course officer.

CHARLES CLARK OWNER-PUBLISHER
ROBERT C. MUNRO EDITOR

HONORED WHEAT KING

OFTEN the average person cannot understand why honors are conferred on some men. Their contribution to the nation does not seem to have added much to general well-being or progress. On the other hand there are men whose discovery or invention has had its beneficial influence on thousands of Canadian homes. On basis of achievement such men deserve the highest honor which a grateful country can bestow.

Such a man is Dr. Seager Wheeler, who proved the excellence of Red Bobs wheat, and repeatedly won the title of Wheat King. Dr. Wheeler is now almost eighty years of age, and has recently retired from his famous farm home at Rosthern, Sask., to spend his declining years in Victoria, B. C. He is the only "dirt farmer" in Canada on whom has been conferred an honorary degree by Queen's University.

In Western Canada particularly, there are names that should be familiar to every school child and honored in every school. These include Dr. Charles Saunders, who selected and improved upon Red Fire wheat to produce the famous Marquis, and Dr.

Wheeler who worked with the Marquis strain to develop the early maturing Red Bobs variety.

Writing of Dr. Wheeler, an article in the Family Herald, gives an interesting picture of his aspiring and successful life; successful that is from the standpoint of accomplishment. Born in the Isle of Wight, he finished his school training at eleven years of age, then went to work. At the age of 16, in 1885, he migrated to his uncle's homestead at Clark's Crossing, Saskatchewan. Concerned from the first with production of good grain; he began to isolate and produce especially good quality. But he had no railway connection at Clark's Crossing so he bought 190 acres of C.P.R. land at Rosthern and it was there he developed his famous grain. The homestead was on bleak prairie, but Dr. Wheeler planted spruce and fruit trees besides growing grain. He created a home of fertility and beauty which is now operated by his son-in-law.

He grew his first championship wheat in 1911 from a 5 pound sample of Marquis. This was entered at a New York fair and won him \$1000 in gold. He won honors repeatedly after that.

But in 1910 he had found some red grain in a sample of white wheat from Australia. By careful selection he isolated a heavy yielding maturing strain which he called Red Bobs, winning a sweep-stake at Kansas City in 1918.

His faith in Red Bobs proved justified when it was accepted for registration as a separate variety in 1925 by the Canadian Seed Growers' Association.

Everyone in this area is familiar with Red Bobs, and with the quality which maintains its reputation as a dependable and productive variety of wheat.

Dr. Wheeler richly deserves his period of leisure in Victoria. But he is still a vigorous man, an inveterate early riser, and a gardener and horticulturist of note. "This wizard of the soil has green fingers for flowers, another is no doubt that he will find occupation and enjoyment in the prolific soil of British Columbia."

Pertinent Topics

Discussed by H.C.

We need not be disquieted because occasional rows take place between Britain and the United States and unkind words are said. For many generations Americans have been the aggressors and Britons have had to muzzle their tempers knowing as they did the time would come when we should need them on our side. The lion put up with a

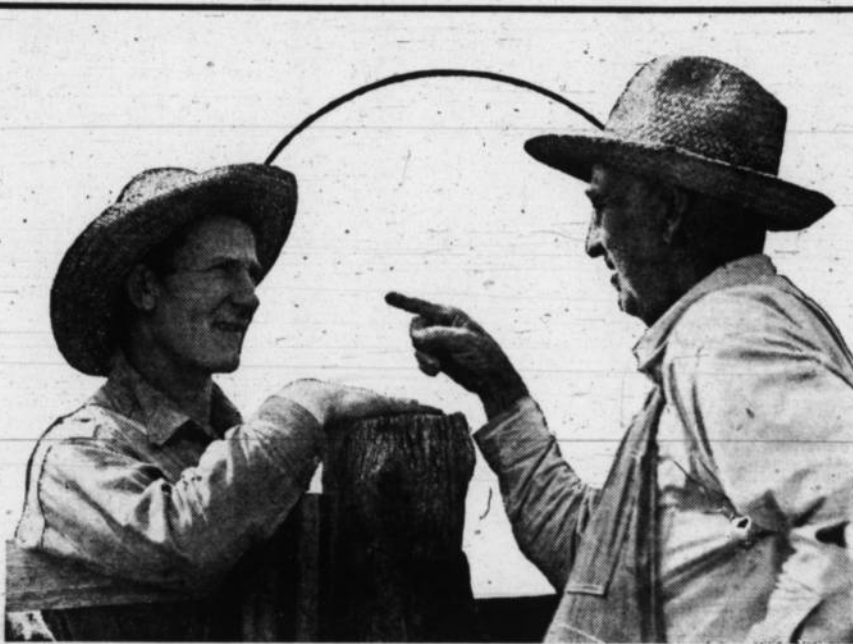

good deal of tail-twisting without pulling eagle feathers.

The tables have been turned and Britons are free to take the initiative knowing full well the time will come, indeed now is, when Americans will be glad to have us on their side. In the last two years, Britons have had to bear the brunt of the first assaults. In the next war, the Americans will have to take the shock and pray for might or blucher.

The Anglo-American entente

by virtue of friendship and on necessity, must abide, and whatever ructions take place are a family affair, although jealous neighbors may deem them a cause for gloating. In the long run it won't matter. The Americans are really our own folk, and "We have careful words for the stranger, And smiles for the sometimes guest. But oft for our bitter tone Though we love our own the best."

The Ottawa correspondent for

My boy, I would advise you to deliver your grain to Alberta Pool elevators and to stay with the Pool. It has been a big help to us Alberta farmers; it is our business and it is up to us to make it successful.

I believe in co-operation and I think we farmers should stand shoulder to shoulder to show the world that we can operate our business in the way we want it done.

Our Alberta Wheat Pool operates for the people on the land and not for the investor or speculator. It has cut to the bone the cost of grain handling. It has corrected abuses and is providing a fine trustworthy service.

The Pool put a patronage dividend policy into effect, compelling other grain companies to do likewise. They never would have done so but for the Pool.

Original Pool members put up over \$8 millions in cash to build the Alberta Wheat Pool. You can increase your ownership in the Pool merely by delivering your grain. You will get patronage dividends in cash and reserves. Ownership lies in the reserves.

The aim is to keep Alberta Pool Elevators in the hands of operating farmers. Stay with the Pool and you will always be glad you did so.

We invite our friends to worship with us.
F. E. VORRATH, Minister.

Maclean charges that while Britain, including Canada, has disclosed all her atomic secrets to the United States, that country will not disclose any to the United Kingdom or Canada. It can hardly be blamed for being guarded against leakages in Canada, because they have already been proven. A secret session of parliament was held once with a Communist M.P. present, and there is no assurance that the pro-Russians who had influence enough to place their emissaries in key positions are not still exercising patronage.

The Americans were careless enough in the past but they are doing something now to curb un-American activities. There may not be much merit in making a Communist civil servant swear he is not a Communist but it at least reminds him (and others) of what is expected of him. In the United Kingdom there are one hundred M.P.'s whose devotion to Russia has caused them to vote against their party or abstain from voting while in Canada, the partial clean-up we owe entirely to the Russian, Igor Goushenko.

Many people in the United States must be concerned about their own freedom from leakage when the security of secrets is in charge of a man named David Lilienthal who was accused by a Senator of being or having been a Communist, and whose wife and daughter were connected with several pro-Soviet organizations. When Julius Caesar said that Caesar's wife should be above suspicion he said it because she was not. (By the same token neither was he). Lilienthal cannot be a man of sense and sensibility when he would accept the post under such circumstances.

Owing to shortage, some Canadian cities have decreed that ice may not be sold except on a doctor's prescription. Many of us can recall a time when we had to have a medical certificate even though hale and hearty but when necessary we carried on without ice.

Great Britain urged Soviet Russia to save the life of a political prisoner in Bulgaria, and got the reply that that would look too much like interfering in the affairs of another nation! The present Russian regime would never think of interfering with any other country merely to save the life of an anti-Communist like Petkov.

There is no reason why anyone should fail to understand the cause of the dollar crisis since everyone has had some experience with it personally. When he wanted to buy something at the cost of one dollar, and did not have the dollar he was against a dollar crisis. If he had a piece of paper called a dollar that the party of the other part said was worth only eighty or ninety cents the crisis was still with him unless he was able and willing to give boot. Wealthy nations can get into the same position, temporarily at least.

Artificial eyes of plastic are said to be superior in every way to glass.
Better health in infancy mostly accounts for increased longevity in Canada.

You'll go for it —

White sidewall tires, as illustrated, will be supplied at extra cost as soon as available.

look, line and sinew!

This is the big one that *mustn't* get away.

This is the prize catch that's worth all the patience you can muster, because there's never been an automobile quite so full of all the things to make your heart rejoice.

Take the looks of it. The looks of something really good and able—broad, deep-chested, solid in its footing, a performer if there ever was one.

Take the sweeping lines. Clean—fresh—eye-winning wherever you go. Smart now and smart for years to come—because it's plainly the pattern that calls the turn for many a season.

Lift the bonnet. Fill your eyes on that spacious compartment filled to its brim with the makings of thrilling, zinging, winging power.

Here's everything it takes to take you places in effortless ease—eight big cylinders smoothed to velvety action by

superfine finish and precision, the matchless flashing action of Buick's exclusive Fireball power.

Watch this traveller stride the roads with the steadiness only ample roadweight and size can give you. Catch its nimble footwork, as four gentle coil springs soak up the bumps, leveling them flat, shielding you against solid jar and annoying ripple with equaf ease.

Take the wheel and handle it a while. Feel the "sweetness" of the steering, the firm-

ness of controls, the surprising lightness of a car that's two-tons husky. Check the lean and sinewy toughness that means a long and durable life.

Go for this Buick? Of course you do—with the same eagerness it goes for you when you touch your foot to its treadle.

We're sorry we can't deliver your Buick today... So many wise people say "Buick's the only buy", that we're still 'way behind on our orders. While you wait, keep your old car smooth-running and safe—depend on your Buick Dealer's expert service.

ONLY BUICK HAS ALL THESE

Star Features

VULCAN, ALTA.

June '46 Census

In 1936 Alberta had 1,554,000 cattle, in 1941 the number dropped to 1,342,000, and by 1946 it had climbed back to 1,598,000. Yet the average value rose from \$17 to \$39 to \$62 in the three census years given.

The swine population rose from 2,77,000 in 1936 to 1,705,000 in 1941 and skidded back to 939,000 in 1946. The average value in the three years was \$7.20, \$8.70 and \$14.

The sheep numbers dropped steadily from 765,000 to 674,000 to 666,000. Yet the average value rose from \$3.30 to \$5.80 to \$6.60.

Goats are multiplying rapidly, the population being 1,775, 11 years ago, 3,067 six years ago and 4,263 last year. The average value was much steadier, \$6.60, \$7.70 and \$2.80 respectively.

The poultry population was 6,307,000 in 1936, 7,953,000 in 1941 and 9,044,000 in 1946, the average value 27 cents in 1936, 30 cents in 1941 and 54 cents in 1946.

These are all items that the farmer produces for sale as food. They are all "cash crops," so to speak. With cattle, swine and poultry the increase in value between 1936 and 1946 has been phenomenal, practically 100 percent with poultry and swine, and 265 percent with cattle. Yet the increase in numbers in the 10-year period has been negligible with cattle and swine and only 43 percent with poultry.

But the Bureau of Statistics has further interesting figures. Alberta's horse population in 1936 was 676,000, in 1941, 649,000 and in 1946, 468,000. The average value, meanwhile, was \$59 in 1936, \$47 in 1941 and \$38 in 1946. Both numbers and price reflect with brutal clarity the disappearance of the horse as a source of power in Alberta farms. Many regret this, but we suppose the passing of oxen was also regretted.

Mules are passing out of the picture faster than horses, Alberta had 1,537 of them in 1936, 922 in 1941 and only 365 last year. The value dropped from \$61 to \$47 to \$40. In another five years, if the present rate of decline continues, a movement will have to be started to put the survivors in parks to save them from extinction.—Morning Albertan.

The most valuable Canadian stamp is the 12-penny black, issued in 1857. It bears Queen Victoria's head, and a used specimen is catalogued at \$1700.

Still Strife in India

The establishment of India into two separate Dominions appears to have done nothing to settle the strife and bloodshed in the sub-continent. Communal rioting in Punjab continues with the toll of hundreds dead and wounded as Hindus battle Moslems in protest over the formation of the Moslem Dominion of Pakistan.

Even as Viceroy Mountbatten handed over the government to the Moslems last Thursday in the Pakistan capital of Karachi, large areas of Lahore were in flames. At the same time in Calcutta, capital of Bengal, an angry mob of Hindu youths cast stones and invaded the residence where Mohandas K. Gandhi has set up a joint peace mission with the Moslem premier of Bengal, H. S. Suhrawardy. Demand that they foreswear violence. The youths listened in silence, then marched away.

Before leaving Karachi for New Delhi where he will become governor-general of the new Hindu Indian dominion, Lord Mountbatten bailed the coming to power of the Moslem Dominion of Pakistan as an "event in history."

"The two new sovereign states will take their place in the Commonwealth; not young nations but heirs of an old and proud civilization; full independent states whose leaders are statesmen already known and respected throughout the world; not immature governments, or weak, but fit to carry on

their great share of responsibility for peace and progress in the world," Mountbatten declared.

In spite of the new governor-general's optimism, news commentators on the spot expressed doubt as to whether self-government would bring peace to the troubled land. There doubts were backed up by reports that 25 percent of the Punjab capital of Lahore's 500,000 Hindu and Sikh population had fled the city and that now it is populated principally by Moslems.

"Pat", Prime Minister Mackenzie-King's great-hearted Irish terrier and one of Canada's most celebrated dogs, died in Ottawa last week. The terrier was a constant companion of Mr. King and his passing was deeply felt by his master.

Exports of Canadian wheat and wheat flour from August 1st to June 30th totalled 216,767,217 bushels. Shipments to the United Kingdom from August 1st to June 30th totalled 142,651,883. During July sufficient wheat was exported to the United Kingdom to fulfill the contract of 160 million bushels.

Washington statistics show women's life expectancy at birth is 69 years; men's, 64—a gain of 18 and 16 years respectively since the beginning of the century.

Items From Bob Edwards' Inimitable "Eye Opener"

In the High River Eye Opener of July 15, 1902, Bob Edwards notes happily the green goods showing up in the stores and comments leniently on other signs of well-being. He is diverted by the statistics on Calgary millionaires, and has a sad tale to tell about the misadventures of poor Peter McGonigle.

July 15, 1902

Fresh tomatoes, cucumbers, celery and lettuce in the stores. We can all live high.

A \$60,000 elevator is in prospect for High River.

Major G. C. Ross has returned to High River after an expedition into the Sudan.

J. Lee, M.R.C., V.S., of London, England, will start a veterinary here.

Five pounds Shirriffs marmalade 40 cts.; celery 8 cts. a lb.; shirts 50 cts.; towelling 4 cts. a yard; flannelette blanket 90 cts. a pair.

Richard Cowell is in from the hills to take in the Okotoks jim-jammery-hoodlum-politico-freak meeting Tuesday evening.

The school is opening at Tongue Creek. Miss Dora Shaw a popular local young lady and competent teacher, is conducting the school. A number of High River children are attending.

Mrs. J. Matheson came down Tuesday to arrange the domestic end of the new hotel. Mr. Matheson will come down this week, and the hotel will soon be in full bloom.

A meeting of Okotoks politicians is said to have been held in Boyce's hall on Tuesday. The audience was composed largely of Dick Broderick.

Jealous Victoria

A recent press-despatch published in the coast papers draws attention to the fact that Calgary has 16 millionaires. The Victoria Colonist now comes forward with the wild statement that Calgary has two dozen millionaires. By way of cross-counter, Calgary may truthfully retort that when her plutocratic census was taken most of the millionaires were on holidays. We, as one example, were in Vancouver.

Faile Exchange

A man who had bought some currant buns at a bakery was distressed to find one containing a fly. Returning to the shop he made indignant complaint demanding

another bun in place of the defective one.

"I'm sorry" said the salesman: "I can't give you another bun but if you will bring back the fly, I will exchange it for a currant!"

Peter McGonigle in Trouble

The other week Peter McGonigle of Midnapore and a companion of similar calibre were crossing a large field. When they were right in the middle of the field a big brindle bull came along to show them the nearest way to a fence. Peter's pal found a tree and climbed it as rapidly as possible. Peter couldn't get to the tree in time, but seeing a large social looking hole in the ground, he climbed into it.

The bull almost got him as he went down, but just missed and went over the hole. Peter came up again like a jack-in-the-box and the bull gave a snort and jump. Down went Peter, over went the bull. Up came Peter and back went the bull. The friend in the tree got excited and yelled "Say, you old fool why don't you stay in the hole? You'll get that bull so mad he'll keep us here for a month."

"Is that so?" shouted the enraged and exhausted McGonigle "Lemme tell you something you don't know. There's a bear in this hole!"

Magistrate Arthur Beaumont, K. C. of Lethbridge whose resignation as magistrate has been accepted claims that he has been the object of intensive spying system on the part of Lethbridge police.

Canada's next big boom is already under way although it will not strike its full stride until next spring. A 100,000 square mile area of northeastern British Columbia, recently opened up by the Alaska Highway, is rich in mineral, lumber, power and agricultural resources, according to a special survey in The Financial Post. Big development in this area is expected as roads and a connecting railroad are provided.

Smaller Bag Limit for Duck

(From Calgary Herald)
A reduction of bag limits for Alberta duck hunters from 15 to 7 birds per day, and from 150 to 56 for the season will go into force this year, if they are confirmed by a federal order-in-council expected to appear shortly, according to D. E. Forsland, Edmonton, provincial game superintendent.

The new limits will set a possession limit of 14 ducks, compared with 60 last year.

The bag limit for geese has been set at Edmonton at 5 per day, with a seasonal limit of 15 at one time.

The reason for ducks, geese and all migratory birds in Alberta has been set as from one-half hour before sunrise, September 20, until one-half hour after sunset November 11.

The move to reduce duck bag limits arose out of the serious depletion of the duck population which has become evident since 1944. In that year, an estimated 125,000,000 ducks migrated to Canada. The total migration this year has been estimated at 54,000,000.

In the United States, daily bag limits have been reduced from seven to four birds daily.

A record number of 2,000,000 hunters were active in the U.S. last year. Canadian hunters number only 110,000.

British Columbia has reduced its bag limits, and Quebec and other provinces are expected to follow Alberta's example.

Champion and District

The teachers engaged for the high school and public school staffs at Champion for this term are: S. T. Nichols, principal, grades 11 and 12; H. Unger, 9 and 10; Miss Rose, 7 and 8; Miss A. Ellis, 5 and 6; Mrs. T. R. Edwards, 3 and 4; Miss M. Carey, 1 and 2; Miss Irene Langdale, home economics.

A large number of baseball fans left Sunday for Taber, where a baseball tournament was held on Monday, Labour Day. The Champion ball club took third prize money in the tournament. Four games were played: Lethbridge Reos beat Picture Butte 6-5, Taber beat Champion 1-0, Champion beat Picture Butte 10-4, Lethbridge Reos beat Taber 4-2. Prize money was \$150, \$90, \$75 and \$60, and it is reported that an excellent tournament was held.

Mrs. L. Hoffman has resigned as agent of the local telephone office. Mrs. Emily Fraser has been appointed to fill the position and assumed her duties Sept. 1st.

Mr. A. Baker was a business visitor at Lethbridge this week.

Dick Grey of Lethbridge was a recent visitor at the C. G. Miller home.

The residence of D. Greenlee has been freshly painted, adding much to its attractiveness.

Mrs. Mella Jopling of Grand Junction, Colorado, was a recent visitor at the home of H. Jopling and sons.

Mr. and Mrs. Fred Blachly of Vancouver, B.C., former old time residents of the Champion district, were recent visitors, looking after crop interests.

Miss Eva Latiff of Edmonton has been visiting her mother, Mrs. L. Latiff, for the past few weeks.

Masters Dick and Garry Jopling have returned home after spending two weeks at Milk River, guests of Mr. and Mrs. N. St. Peter.

Mr. and Mrs. W. Keenan were Lethbridge visitors Friday.

Miss Margaret Miller and little Judy Grey of Lethbridge spent the past two weeks at the home of the former's parents, Mr. and Mrs. C. Miller.

Geo. Depue of Stavely was a business visitor in town this week. Mrs. E. Siler was a Calgary visitor for a few days.

Mrs. E. Sisson of Calgary was a visitor at the home of Mr. and Mrs. F. Clever.

Mrs. Alex Latiff and small son, of Calgary were recent visitors at the H. Jopling and Mrs. L. Latiff homes.

A. MacLeod was a Lethbridge visitor for a few days recently.

Mr. and Mrs. F. Little are renovating the residence they recently purchased in the subdivision, prior to taking up residence.

Mrs. F. Clever and Mrs. E. Siler were recent Lethbridge visitors.

Mr. and Mrs. H. Gilbert and family have taken up residence in the house recently purchased by the Macleod school division, in the sub.

Professor and Mrs. Malcolm G. Taylor of the University of Toronto, spent the week-end with the former's father, C. G. Taylor, en route to Victoria, B.C., then to Edmonton, to continue research in provincial government administration, after having spent the summer at Regina, Sask.

Miss A. Ellis spent a few days at Calgary last week.

The Macleod School Division has purchased the residence, in the subdivision, formerly occupied by the late Mrs. Sarah Sommers, from O. E. Sommers.

Gerald Matlock is visiting his parents, Mr. and Mrs. Harold Matlock, for a few weeks. Gerald has spent the past year in Los Angeles, Cal., taking a course in plastic engineering. He will return to that point and continue his studies at the termination of his visit.

Fred Clever was a business visitor at Lethbridge, Friday.

Mr. and Mrs. J. Roebuck recently enjoyed a two weeks motor trip in the United States.

Mrs. C. Vliet spent a few days in Calgary on business, last week.

Mrs. T. Kingery of Portland, Oregon, spent a few days visiting her sister, Mrs. E. Siler.

Mrs. B. Hummel and daughter, Racille, spent the past week at Warner, guests of Mr. and Mrs. A. Degenstein.

Mr. and Mrs. S. T. Nichols and family have returned home after spending the past two months at Medicine Hat.

Mr. and Mrs. Fred Weiss of Long Beach, California, old time residents of Champion, were recent visitors for a few days renewing acquaintances.

Mr. and Mrs. B. Blackford of Lethbridge were visitors for a few days with the latter's parents, Mr. and Mrs. M. Sisson.

Chas. McLean has returned home after spending the last month visiting his daughter, Mrs. J. Morrissey, and Mr. Morrissey, at Yoho, B.C. During his absence Mr. J. McCorkle of Calgary was in charge of the Beaver Lumber Co. office.

Mr. and Mrs. Wesley Knight of Carmangay, nee Alice Taylor of Champion, are receiving congratulations on the birth of a son, Sunday, August 24, at the Carmangay hospital.

Mrs. B. Woodhull and Miss Florence Woodhull of Reno, Nevada, and the former's brother Chas. Blakestone of Hollywood, Cal., were recent visitors at the home of Mrs. Woodhull's son-in-law and grandsons, H. Jopling and sons.

Miss Frances Miller of Lethbridge was a visitor Saturday.

Miss Betty Diemert of Calgary spent a few days visiting her grandmother, Mrs. A. Diemert.

Mrs. Ken Robinson of Okotoks was a visitor this week at the home of her parents, Mr. and Mrs. Geo. Taylor.

Art Ulrich returned home Sunday after attending the funeral of his brother-in-law, the late John Dillingham, age 45, at El Cerrito, California, who died suddenly of a stroke, Monday, August 25. Mrs. Dillingham is the former Mae Ulrich of Champion. The sympathy of their many friends here are extended to Mae and her children and to Art.

Mr. and Mrs. W. Freeman of Spokane, Wash., were recent visitors at the home of Mr. and Mrs. J. O. Bell.

Mr. and Mrs. Glen Oliver were Lethbridge visitors last week. Mr. and Mrs. Chas. Wright of Hawthorne, Cal., arrived last week and will remain until after harvesting is completed.

Mr. and Mrs. Ray Woods were visitors this week, renewing acquaintances.

Mr. and Mrs. Carlton Mellett of Edmonton, spent the holiday week-end at the home of the latter's parents, Mr. and Mrs. Dewey Greenlee.

Mr. and Mrs. W. Gatenby spent the weekend visiting at Stavely and on a fishing trip near Nanton.

The United Church Sunday services and Sunday School will be held next Sunday, Sept. 7.

Mrs. A. Simmons of Lethbridge was a visitor at the Savoy Hotel, guest of Mr. and Mrs. A. MacLeod.

Mrs. Fred Watts was a Banff visitor for a few days, visiting Mr. Watts who has spent the past five weeks taking treatment at the Mineral Hot Springs Hospital. Mrs. Watts reports that Fred is getting along nicely and expects to return home the latter part of September.

Miss Mavis Sanderson left this week, for Calgary where she will enter the Holy Cross Hospital as a nurse in training.

J. T. Nichols of Medicine Hat was a visitor at the S. T. Nichols home this week.

Mr. and Mrs. T. Hummel, George and Elizabeth Mary, of Hamilton, Montana, spent a few days visiting at the home of Mrs. B. Hummel and family.

Dr. and Mrs. J. G. Hardman and small son have returned home after spending the past three weeks holidaying at Revelstoke and other points in B.C.

Mr. and Mrs. A. C. Little left Sunday for River Falls, Wisconsin, where they will participate in a family reunion of Mrs. Little's brothers and sisters and families. During their stay, they will be the guests of Mr. and Mrs. I. Kusicek, a sister of Mrs. Little, and expect to return home in time for their golden wedding celebrations in November with their immediate family.

Miss O. Sietz of Edmonton is a guest at the home of her sister, Mrs. S. T. Nichols, and Mr. Nichols.

Mr. and Mrs. R. Moronde enjoyed a holiday at Banff for two weeks.

Mr. and Mrs. T. R. Edwards and daughter, Miss Lorna, accompanied by Mr. and Mrs. Geo. Orr, have returned home after an enjoyable motor trip in the United States and B.C.

R. Latiff of Ponoka was a week-end visitor at the home of his mother, Mrs. L. Latiff.

The interior of the living quarters at the telephone office are being redecorated.

Mr. and Mrs. L. Fath of Nelson, B.C., are visiting their sons Harold and Raymond.

Miss Doris Brown of Regina, Sask., is spending two weeks visiting her uncle and aunt, Mr. and Mrs. D. Greenlee.

O. E. Sommers is having the house that he purchased from D. Henderson moved to his farm site this week. Mr. Burke of Carmangay, is in charge of the moving.

Will Sugar Ration Go Off?

Canadian Grocer sums up the several factors which may have a bearing on changing Ottawa's mind with regard to de-ratoning sugar:

- 1.—Heavy stocks of sugar in Canada due to the record 1946-47 Cuban crop;
- 2.—Lack of warehouse space in Canada for both raws and refined;
- 3.—Apparent surplus of beet sugar in Alberta;
- 4.—Difficulty of some industrial users taking all their sugar coming to them on their quotas from the refinery;
- 5.—Lifting of jams, jellies and marmalades from rationing;
- 6.—Anticipated bigger 1947 U.S. and European beet crops.

"The fear is now being expressed by many in the trade that unless sugar is de-ratoned soon we may run into a heavy surplus next year," adds Canadian Grocer. "This would be a particular danger if Cuba were to duplicate its bumper 1946-47 crop."

Decrease In Meat Next Year

(From Lethbridge Herald)

Something of a disaster has overtaken Canada in the past 30 days and it will be reflected next year in a serious decrease in our meat supplies.

Last spring the East was so wet during the months of April, May and early June that a couple of million acres which would ordinarily have been sown to feed grains could not be seeded. The result is that the East will need 75,000,000 bushels more oats and barley than will be grown there. It had been expected that the deficiency would be made up by Ontario, Quebec and New Brunswick importing coarse grains from the West.

Unfortunately for all Canada, an unprecedented weather map over the Prairie Provinces in July makes it very doubtful whether the West will have any coarse grains to spare. Coarse grains are usually sown as an afterthought to our main crop, wheat. Often they are sown on stubble land, and seeding is done late. This season all seeding was 10 days to two weeks late, which made the feed crops much later than usual. They were caught in the middle of their growth by the July heat spell. Heat this season was no respecter of areas—it hit the park belt of the north as hard as the plains area of the south, and the park belt is the chief producer of coarse grain for livestock. This year a great area sweeping from Camrose in Central Alberta through to Prince Albert in Northern Saskatchewan has such crop deterioration that the Saskatchewan Government is already planning on shipping feed into its part of the affected territory.

The result will be that, with the East short of feed for livestock and the West producing little more than enough to meet its own livestock requirements, there will be a rush to liquidate cattle and hogs in the affected areas, and that means that in 1948 Canada is going to be short of meat. Probably this fall there will be a rush of cattle to market. In Ontario breeding pigs are, we learn, already being liquidated as farmers do not wish to take a chance on getting feedstuffs to carry on their regular operations. We have already noted in The Herald that in the first half of 1947 there has been a falling-off in commercial killing plants of 420,000 meat animals as compared with 1946.

We are not going to say there will be a meat famine in Canada in the next year. But we will say that there will be a serious de-

A Tired Woman's Epitaph

Here lies a poor woman who always was tired,
For she lived in a house where help wasn't hired;
Her last words on earth were:
"Dear friends, I am going
Where washing ain't done, nor sweeping, nor sewing.
And everything there will be just to my wishes,
For where they don't eat there's no washing dishes;
I'll be where loud anthems will always be ringing,
But having no voice I'll get clear of the singing.
Don't mourn for me now, don't mourn for me never,
For I'm going to do nothing for ever and ever."
— Wheat Pool Budget.

crease in cattle, sheep and hogs marketed in 1948. The Weather Man will be to blame.
